

LinkedIn Profile Audit: Justin Callaham

Current vs. Optimized

✔ Strong

👉 Decent

⚠ Underwhelming

✖ Losing Opportunities

1 Headline ⚠

CURRENT:
Keyword heavy, broad, missing role + value proposition.

2 Photo framing 👉

CURRENT:
Professional and trustworthy, but crop and polish could be tighter.

3 About section ✖

CURRENT:
Missing, so recruiters get no story, mission, or keywords.

4 Featured content ✖

CURRENT:
No proof assets, media, or showcase pieces.

5 Experience description ⚠

CURRENT:
Title only, limited scope, no impact statements.

6 Profile CTA / button strategy ⚠

CURRENT:
No clear next step for viewers.

Justin Callaham

Lecturer at UF IFAS | Animal Sciences, Equine Reproduction & Breeding | Experiential Learning, Program Development, Student Mentorship

Lecturer

University of Florida Institute of Food and Agricultural Sciences

Tarleton State University

Master of Science, Animal Sciences

About

I teach animal sciences and equine reproduction at the University of Florida, with a focus on hands on learning, breeding program management, and student development. My work connects reproductive physiology, equine science, and applied teaching to help students build technical skill and industry readiness.

I welcome collaboration in teaching, outreach, and equine science education.
